June 3 - 6, 2022
N=1600 Registered Voters Nationally
Margin of Error +/- 2.45%
Methodology

• Online survey among 1,600 registered voters nationwide conducted June 3 - 6, 2022. Respondents were selected randomly from opt-in panel participants. Sampling controls were used to ensure that a proportional and representative number of respondents were interviewed from such demographic groups as age, gender, race, and geographic region.
  • Gender breakdown: 48% men - 52% women
• ±2.45% overall margin of error at the 95% confidence interval for overall survey. M.O.E.s for subgroups are larger.
Do you support or oppose the 1973 Supreme Court decision Roe v. Wade, which recognized a Constitutional right to abortion?

- **Support**
  - Strongly Support: 37%
  - Somewhat Support: 16%
  - Total: 53%

- **Oppose**
  - Strongly Oppose: 0.2%
  - Somewhat Oppose: 31%
  - Total: 31%

- **Depends / Neutral**
  - Total: 11%

- **Unsure / Refused**
  - Total: 5%
Do you support or oppose *Roe v. Wade* if you knew that it allowed abortion up to birth, including late-term abortions, when the fetus can feel pain?

- **Support**
  - Strongly Support: 10%
  - Somewhat Support: 18%
- **Oppose**
  - Strongly Oppose: 0.45
  - Somewhat Oppose: 0.12
  - Depends / Neutral: 10%
- **Unsure / Refused**:
  - Total: 6%

AAPLOG
Do you agree or disagree that women should be empowered with information and deserve fully informed consent. They have the right to know that elective abortion is never medically necessary and can have serious physical and mental health consequences that could last a lifetime.
You will now read a series of statements about fetal development. After each, please indicate if you agree or disagree that an unborn child is a human life.

- In the sixth week of pregnancy, an embryo has a heartbeat.  
  - Agree: 68% 
  - Disagree: 14% 
  - Depends / Neutral: 9% 
  - Unsure / Refused: 9%

- In the twelfth week of pregnancy, a fetus moves their eyes and starts to grow fingernails.  
  - Agree: 67% 
  - Disagree: 14% 
  - Depends / Neutral: 8% 
  - Unsure / Refused: 11%

- At the moment of conception an embryo already has a unique DNA blueprint.  
  - Agree: 66% 
  - Disagree: 17% 
  - Depends / Neutral: 8% 
  - Unsure / Refused: 8%

- Unborn babies feel pain. That is why fetal anesthesia is recommended for all surgeries starting at fourteen weeks.  
  - Agree: 65% 
  - Disagree: 16% 
  - Depends / Neutral: 8% 
  - Unsure / Refused: 11%
You will now read a series of statements about fetal development. After each, please indicate if you agree or disagree that an unborn child is a human life.

- As early as the ninth week of pregnancy, a fetus has brain waves and all four chambers of their heart are nearly fully developed. 64%
- An 11-week old fetus has all of their organs and will suck their thumb. 64%
- In just the eighth week of pregnancy, the fetus already responds to touch. 62%
Do you agree or disagree that abortion should not be allowed once there is an indication of human life?

- **Agree**: 59%
- **Disagree**: 17%
- **Depends / Neutral**: 22%
- **Unsure / Refused**: 6%

**Strongly Agree** 42%

**Somewhat Agree** 17%

**Strongly Disagree** 0.08%

**Somewhat Disagree** 0.14%

**Depends / Neutral** 14%

**Unsure / Refused** 6%

AAPLOG
Support of Chemical Abortions

Would you be more or less likely to support chemical abortions if you learned that abortion related emergency room visits due to chemical abortions were up 500% from 2002 to 2015 according to analysis of Medicaid claims data?

Would you be more or less likely to support chemical abortions if you learned that women are more likely to visit the emergency room following a chemical abortion than they are after a surgical abortion?
